Programs target families and preschool aged children facing adversity or vulnerability due to socio-economic disadvantage, and/or those who are experiencing varied stresses or issues that affect family functioning.</p> <p>Our main early childhood program for this role is Mobile Play2 Learn.</p> <p>This program delivers Play2Learn supported playgroups for children aged 0 to 5, giving children a space to learn, grow and develop through safe and supported play-based education. Our staff travel in a mobile bus to locations across the region, offering parents advice and links to community services in a caring, safe environment.</p> <p>At times, our staff also attend community events on weekends with the mobile Play2Learn bus that are open to children aged 0 to 12. These are usually monthly events.</p>
